Khartoum American School actively pursues a sense of community characterized by students who are cooperative, communicative, productive and responsible. Students are encouraged to view themselves and their school as integral parts of the global community. Our community is a partnership of stakeholders who are actively engaged in the school and collectively shape its direction and ethos.

## Citizenship

We promote global citizenship and the expectation of our students is to reflect upon their own world and the world around them and to develop the skills required to make positive changes worldwide. We encourage students to embrace the diversity present at Khartoum American School and to celebrate the fact that it makes us a richer school community.

## Global Citizenship

The Khartoum American School maintains Global Citizenship to be the responsibility of all of its members. Every person will develop an awareness of themselves and an understanding of their own impact on both their community and the broader global reach. As Global Citizens, KAS expects and accepts that all people are different with unique experiences, customs, and values. We are interconnected and strive to better understand global issues. KAS embraces difference and takes a stand against social injustice. We at KAS know we are the caretakers of the earth and are committed to taking action and persevering in our service to others. We embrace the unknown with a sense of humor and an adventurous heart knowing that through our dedication as global citizens, we will make a positive global impact for future generations to advocate for others who cannot advocate for themselves.
